

ERA FABRIC

# Knowledge ecosystems self- assessment tool

Funded by  
the European Union

# What?

- Based on 7 characteristics of knowledge ecosystems:

**Vision and intentionality**

**Directionality and Strategic Focus**

**Governance & policy support**

**Cross-board collaboration**

**R&I infrastructure and capacities**

**Collaboration Culture & Knowledge transfer**

**Sustainability and Societal Impact**

- Several **statements** that characterize an effective knowledge ecosystem
- Rate each statement on a **1–4 scale**

# Why?

Prioritising  
investment and  
reforms

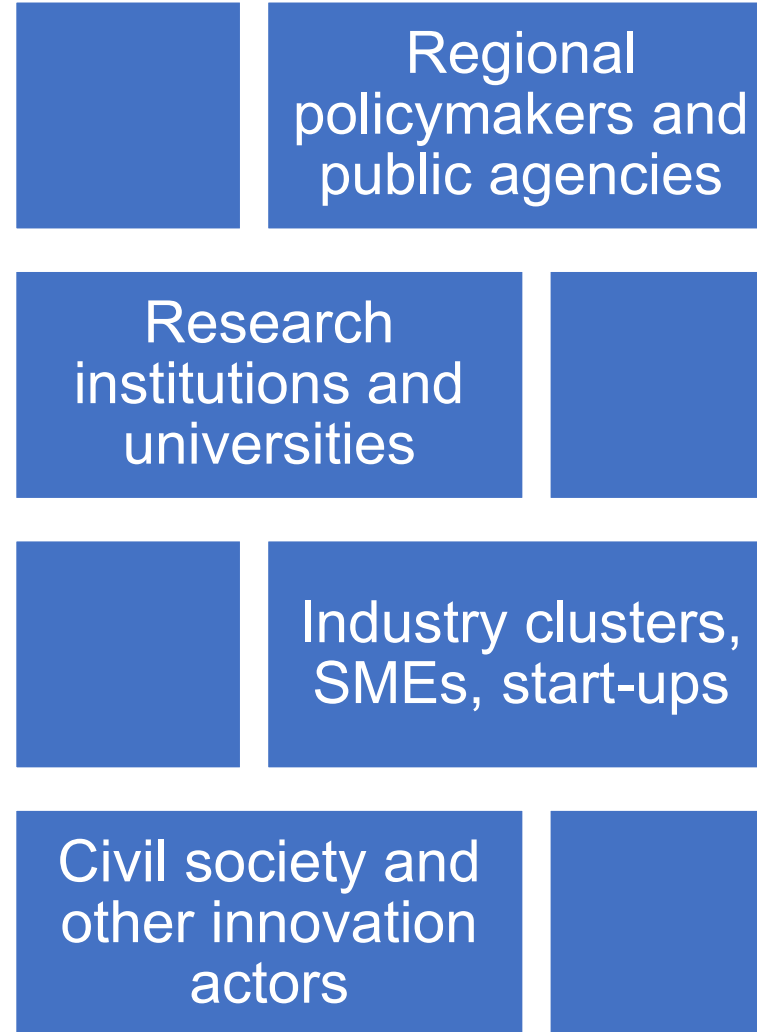

Improving  
access to  
excellence

Translating R&I  
results into the  
economy

Deepening the  
ERA

# Who?

# How?

- **Group exercise:**
  - representative group of regional stakeholders: policy makers, research institutes, universities, businesses, clusters, civil society representatives
  - **more robust result** and overview of the current state of the art of your ecosystem
  - **reflect and discuss** the results as a group
  - **prioritize actions**
- **Individually:**
  - as a single organisation within knowledge ecosystem
  - **hint** on how your ecosystem is performing,
  - to get overall picture views from **multiple stakeholders are needed.**
  - share the survey link with other members of your ecosystem and compare individually obtained results

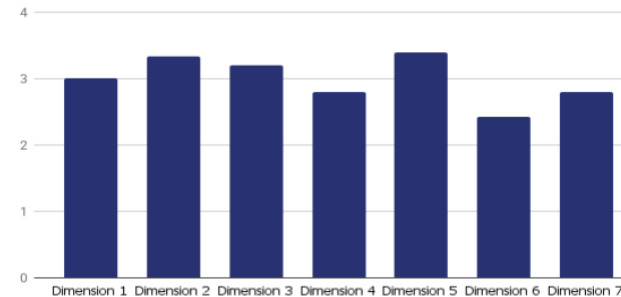

# What you get?

- Personalized report
- Main possible action points
- Links for the more resources
- Possibility to connect with other ecosystems

Key Findings Summary Tables

Dimension	Average Score	Stage
1. Vision and intentionality	3	Advanced
2. Directionality and Strategic Focus	3.33	Advanced
3. Governance & policy support	3.2	Advanced
4. Cross-board collaboration	2.8	Developing
5. R&I infrastructure and capacities	3.4	Advanced
6. Collaboration Culture & Knowledge transfer	2.43	Developing
7. Sustainability and Societal Impact	2.8	Developing

Score per dimension

General recommendations:

1. **Engage Stakeholders:** Organize a workshop to discuss these results and co-create an action plan.

2. **Leverage EU Funding:** Explore Horizon Europe, Interreg, and other instruments for support.

3. **Benchmarking:** Compare with other regions using the ERA\_FABRIC good practices database.
